For Rheumatism Sloan's Liniment

A FACT PROVEN.
Should Convince Even the Most Skeptical of its Truth.
If there is the slightest doubt in the mind of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit inoculated with the germs became bald in six weeks' time. It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ—which act is successfully accomplished by the application of Newbro's Herpicide. Dandruff is caused by the same germ which causes baldness and can be prevented with the same remedy—Newbro's Herpicide. Accept no substitute. "Destroy the cause you remove the effect."
Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.
E. S. Leadbeater & Sons, Special Agents.

Nasal CATARRH Ely's Cream Balm

Creosote Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Drug-gists or by mail; Trial Size, 10 cents.

WOOD, COAL and COKE.

[Entered at the Postoffice of Alexandria, Virginia, as second-class matter.]

THE CONFEDERATE VETERANS' BUILDING.

A few years ago it was deemed advisable by R. E. Lee Camp, No. 2, C. V., to secure a permanent home, so the Woman's Auxiliary was requested to "look around" and suggest a suitable place. Mrs. J. Marriott Hill conceived the idea of purchasing the deLaguel property, No. 806 Prince street. At first the suggestion seemed absurd, but when it was learned a cash donation of one thousand dollars would be made, it assumed a different phase; accordingly a committee of three ladies was appointed, the proper persons interviewed, the cost of the property ascertained, and when the camp next met they were present, stated what had been done and asked that a committee from the camp be appointed to co-operate with them and look after the business part of the transaction. The members were much enthused, heartily endorsed the project, worked with a will to obtain the desired end, and the property was purchased at a cost of five thousand seven hundred and fifty dollars. The Woman's Auxiliary asked the co-operation of the United Daughters of the Confederacy; this was promptly responded to, and a member from each Chapter was appointed to serve on this committee, thus increasing it to five—Mrs. Wm. A. Smoot from the 17th Virginia regiment; Mrs. Wm. E. Freighton from Mary Custis Lee; Mrs. J. Marriott Hill, Mrs. Thomas Perry and Mrs. E. H. O'Brien of the Woman's Auxiliary. These ladies met, and with the assistance of Mr. Lawrence Perry, mapped out a plan of action, and elected Mrs. O'Brien chairman and treasurer of the building fund. Each lady, armed with "a little red book" in which was written authority from Mr. K. Kemper, commander of the camp waited on those person assigned to her, and thus a subscription list was started. Through Mr. J. Marriott Hill our well-known, energetic and generous citizen, five hundred dollars was received from Alexandria Gentlemen's Driving Park Association, J. M. Hill, president and five hundred dollars from Grange Camp Association of Northern Virginia, J. B. Jones, president. Various sums, from one to one hundred dollars, quickly followed, many of our good citizens, pledging sums from one to five dollars annually for a term of five years; in most instances these pledges have been redeemed year by year, several having been paid in full. The two Chapters of U. D. C. each pledged fifty dollars, the D. A. R. ten dollars, R. E. Lee Camp the sum of seventy-five dollars, each to be paid annually. All this was begun in the spring of 1903, and now from contributions, a bazaar, lawn parties, oyster suppers, concerts, lectures &c. &c., the sum of four thousand, and two hundred and fifty dollars has been paid, the indebtedness now being fifteen hundred dollars. The Alexandria Library is located on the second floor of this building. As this is an institution of which our city is justly proud it is seemingly that it, jointly with Lee Camp, should be housed in the Confederate Veterans' building. The Junior Daughters determined they would look after the interior of the building as far as possible; so, as their first effort, handsome shades were put to each window in the building. Last spring it was determined to improve the entire building, and by concerted action many contributions were received, both in money and material. Mrs. E. E. Padgett, wife of the well-known decorator of our city, received a large lot of exquisite wallpaper from the satisfactory, reliable, wholesale wall paper dealer, E. N. Richards, of Washington, D. C., as well as the beautiful hall paper from "the largest wall paper factory in the world," The Syracuse Paper and Pulp Co., of Philadelphia, Pa. Through the efforts of another member, two hundred pounds of the celebrated Lewis white lead were received from the John T. Lewis & Bros. Company, Philadelphia, Pa., which has made the beautiful white paint in the building the admiration of the entire community; when this was further embellished by a coat of hard white enamel, six gallons of which were given by the F. W. Devore & C. T. Reynolds Company, of New York, it became "a thing of beauty." May it be a joy forever. Our people, generally, are notified that for white work nothing surpasses Lewis white lead and Devore's hard white enamel. Witness the interior of the Confederate Veterans' building, of Alexandria, Virginia. We take this opportunity to publicly thank these firms for their generous contributions, also their good wishes. The two parlors, Lee Camp Hall, were most elegantly papered by Mr. Webb, so well known to our people as a courteous, reliable and conscientious paper-hanger and decorator; while any one who looks at the fine work in the east parlor and the artistic hallway will recognize the well-known handwork of Mr. Padgett; the painting in Lee Camp Hall and hallway being beautifully done by Mr. Latham and Mr. Roland. The handsome chandeliers have been reburnished and are now the

"IT SAVED MY LIFE"

PRaise for a Famous Medicine

Mrs. Willadsen Tells How She Tried Lydia E. Pinkham's Vegetable Compound Just in Time.

Mrs. T. C. Willadsen, of Manning, Iowa, writes to Mrs. Pinkham: Dear Mrs. Pinkham:— "I can truly say that you have saved my life, and I cannot express my gratitude to you in words."

"Before I wrote to you, telling you how I felt, I had doctored for over two years steady and spent lots of money on medicines besides, but it all failed to help me. My monthly periods had ceased and I suffered much pain, with fainting spells, headache, backache and bearing-down pains, and I was so weak I could hardly keep around. As a last resort I decided to write you and try Lydia E. Pinkham's Vegetable Compound, and I am so thankful that I did, for after following your instructions, which you sent me free of all charge, I became regular and in perfect health. Had it not been for you I would be in my grave to-day."

"I sincerely trust that this letter may lead every suffering woman in the country to write you for help as I did."

When women are troubled with irregular or painful periods, weakness, displacement or ulceration of an organ, that bearing-down feeling, inflammation, backache, flatulence, general debility, indigestion or nervous prostration, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other female medicine in the world has received such widespread and unqualified endorsement. Refuse all substitutes.

For 25 years Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, has under her direction, and since her decease, been advising sick women free of charge. Address, Lynn, Mass.

most beautiful in the city. The magnificent carpet, purchased by the indefatigable Junior Daughters, covering the halls and stairways, not only makes this beautiful place perfect, but shows that "while girls will be girls," they have the same indomitable courage and perseverance that has made their fathers, the Confederate soldiers, world renowned. An order has been given the celebrated sculptor, George Julian Zoway, for a bronze tablet to be placed on the hall of the building, in memory of Miss Julia Celeste deLaguel whose home this was; as the artist is now at work on the design, it becomes necessary for all promised contributions to be promptly sent in. As the library rooms have been so nicely papered by Mr. Padgett, so satisfactorily painted by Mr. Kodier, and rendered so attractive by the many improvements made by the library board of managers, it will be the work of the springtime to improve the front of the building. The success of this undertaking has been due, in no small degree to Alexandria Gazette, that, aside from a generous donation in the beginning, has so willingly given its columns to further any scheme looking to the advancement of this work; thus showing how truly it is "the very age and body of the times" and is losing none of its old time popularity.

Champion Liniment for Rheumatism
Chas. Drake, a mail carrier at Chapinville, Conn., says: "Chamberlain's Pain Balm is the champion of all liniments. The past year I was troubled a great deal with rheumatism in my shoulder. After trying several cures the storekeeper here recommended this remedy and it completely cured me." There is no use of anyone suffering from that painful ailment when this liniment can be obtained for a small sum. One application gives prompt relief and its continued use for a short time will produce a permanent cure. For sale by Gibson & Timberman and W. F. Creighton & Co.

Big Clearance Sale of Pictures and Lamps.

FAMILY ORDERS A SPECIALTY

Hicks for March.

The first three to four days of March will bring low barometer, higher temperature, and wide areas of cloudiness, rain and snow, all of which will pass rapidly from west to east across the country. Rising barometer and cold westerly gales will bring up the rear of these storms, giving cold, brisk weather to most parts from about the third to the fifth.

Reactionary storms and storm conditions will be central on the 6th, 7th and 8th, almost filling the days between the first and third storm periods with unsettled, threatening and very stormy weather.

The regular storm period covering 10th to 14th, central on the 12th, in every probability will prove one of the most tempestuous and violent storm periods of the month. As early as the 10th, the barometer will fall to threateningly low readings in western and southern sections, the temperature will rise, atmospheric conditions will become close and humid, and during the 11th, 12th and 13th, violent storms of rain and wind and thunder will sweep over many parts of the country.

At the winding up of these storms severe blizzards, high barometer and cold wave will rush down from the northwest.

A reactionary storm period is central on the 17th, 18th and 19th. On and touching the 18th and 19th, falling barometer and return of rain and snow may be expected.

Cold, crisp weather for the season will be the general order from about the 19th to 22d.

The regular storm period central on the 24th, and reaching from the 22d to the 26th, is another period which promises to bring storms of a decided type. As these conditions advance eastward they will grow in area and intensity, cloudiness will ensue, and storms of rain, wind and thunder will touch wide paths in their eastward sweep.

Quite cold weather for the last of March will be very general from about the 26th to the 29th, the cold like the storms that precede it, being progressive from west to east.

A reactionary storm period is central during the last three days of that month. This period will bring a prompt return to storm conditions, which conditions always begin in the western section of our continent and move normally eastward to the Atlantic. The probabilities are that the storm conditions appearing the last three days of March will bring return of general rains, turning to snow along the north and west sides of storm areas. Rising barometer and colder weather will be advancing from the west to spread eastward in the opening days of April.

Theft of Explosives.

On the heels of Stephen Adams' confession comes the startling news that between 600 and 1,000 pounds of dynamite and dynamite caps have been stolen at the Star Powder House, in the hills east of Boise, Idaho. On Saturday night employees of a hardware company, upon going to the powder house just beyond the Boise barracks, found that about 400 pounds of dynamite and caps had disappeared. Governor Gooding immediately threw over that city and especially around the penitentiary. These guards were placed because nearly all of the men whose names have been mentioned in connection with the prosecution of the officers of the Western Federation of Miners have received threatening letters signed "Kneebone," the name alleged to have been adopted by the "inner circle" to strike terror to those whom they wished to frighten. Armed men were also Saturday night placed around the homes of Governor Gooding, Special Prosecutor James H. Hawley, W. E. Borah and a number of others. The excitement attending the discovery of the theft was just passing away when it became known that all the other powder magazines in the nearby hills had been broken into. In all there are a half dozen powder magazines situated in the hills, and all are said to have been entered and powder stolen. The circumstances surrounding the dynamite thefts are being as closely guarded as the alleged confessions of Orchard and Adams. The dynamite stolen is known as grade No. 1, which contains about 75 per cent. nitroglycerine.

Starving to Death.

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters, of St. Clair St., Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugging that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die was I induced to try Electric Bitters; with the wonderful result that improvement began at once, and a complete cure followed." Best Health Tonic on earth. 50c. Guaranteed by E. S. Leadbeater & Sons, druggists.
